

MRI APPOINTMENT

AT A GLANCE

1

ARRIVE AND CHECK IN

Arrive 15 to 30 minutes before the appointment. Fill out an MRI medical screening form.

2

REMOVE METAL

Remove any clothing that includes metal and change into facility-provided scrubs or a gown. Remove all other metal objects such as phones, jewelry, watches, wallets, belts, hearing aids, etc.

3

FINAL SCREENING

Complete verbal screening and final check with MRI technologist.

4

UNDERGO THE MRI

Remain still and listen to the MR technologist for instructions. Tell the MR technologist if you become uncomfortable during the scan.

5

FINISH THE EXAM

Change back into street clothes, collect your personal belongings, and check out of the facility.

NOTIFY MRI TEAM OF ANY OF THE FOLLOWING:

- Implants (manufacturer & model)
- Foreign metal bodies, especially around the eyes
- Recent surgeries
- Allergies
- Medical conditions & considerations
- Potential or current pregnancies

MRI UNDER GENERAL ANESTHESIA OR SEDATION

Must have a driver 18 years or older.

MRI WITH GADOLINIUM CONTRAST

Notify your MRI Team of pregnancies, allergies, or kidney disease.
